As always, the Office of Research and Analysis welcomes questions, comments and suggestions from the public. In addition, we'll do our best to provide information in accessible format, on request, in compliance with the Americans with Disabilities Act.

MONTANA PREVAILING WAGE REQUIREMENTS

The Commissioner of the Department of Labor and Industry, in accordance with Sections 18-2-401 and 18-2-402 of the Montana Code Annotated, has determined the standard prevailing rate of wages for the occupations listed in this publication.

The wages specified herein control the prevailing rate of wages for the purposes of 18-2-401, et seq., Montana Code Annotated. It is required that each employer pay, as a minimum, the rate of wages, including fringe benefits for health and welfare, pension contributions, vacation, training, travel allowance, and per diem applicable to the locality in which the work is being performed, as provided in the attached wage determinations.

A. Date of Publication: October 9, 1998

B. Assistance

To obtain copies of the prevailing wage schedules, please contact the Office of Research and Analysis at 800-541-3904 or TDD 406-444-0532.

For information relating to public works projects and payment of prevailing wage rates, please contact the Labor Standards Bureau at 406-444-5600 or TDD 406-444-5549.

Pat Haffey

PATRICIA (PAT) HAFFEY
Commissioner
Department of Labor and Industry
State of Montana

C. Definition of Heavy and Highway Construction

For the purposes of Prevailing Wage, the Commissioner of Labor and Industry has determined that "heavy/highway" occupations are those rates that pertain to projects involved in construction fields other than building and residential. Federal Davis-Bacon wage rates as published in U.S. Department of Labor General Wage Decision No. MT 980001 Modification No. 1 and MT 980002 Modification #1 have been adopted by the Montana Department of Labor and Industry for use in heavy and highway construction projects and are included in this publication. These rates apply statewide or as shown in MT 980001 Modification No. 1 and MT 980002 Modification #1.

D. Prevailing Wage Schedule

This publication covers only heavy and highway construction industries in the specific localities mentioned herein. Building Construction and Services occupations will be

surveyed in alternate years. Services rates are contained in a publication dated July 1, 1997. Nonconstruction Services rates are contained in a publication dated January 1, 1998. Building Construction rates are contained in a publication dated September 15, 1998. These rates will remain in effect until superseded by a more current publication.

E. Fringe Benefits

Section 18-2-412 of the Montana Code Annotated wage and hour laws states that:

> "a contractor or subcontractor may: (a) pay the amount of fringe benefits and the basic hourly rate of pay that is part of the standard prevailing rate of wages directly to the worker or employee in cash;
>
> (b) make an irrevocable contribution to a trustee or a third person pursuant to a fringe benefit fund, plan, or program that meets the requirements of the Employee Retirement Income Security Act of 1974 or that is a bona fide program approved by the United States department of labor; or
>
> (c) make payments using any combination of methods set forth in subsections (1)(a) and (1)(b) so that the aggregate of payments and contributions is not less than the standard prevailing rate of wages, including fringe benefits for health and welfare and pension contributions that meet the requirements of the Employee Retirement Income Security Act of 1974, travel, or other bona fide programs approved by the United States department of labor, that is applicable to the district for the particular type of work being performed.
>
> (2) The fringe benefit fund, plan, or program described in subsection (1)(b) must provide benefits to workers or employees for health care, pensions on retirement or death, life insurance, disability and sickness insurance, or bona fide programs that meet the requirements of the Employee Retirement Income Security Act of 1974 or that are approved by the United States department of labor."

For heavy and highway construction occupations, the vacation benefit amount is **not** included in the prevailing wage rate, unless stated otherwise.

Fringe benefits are not to be considered a part of the hourly rate of pay for overtime purposes unless there is a collectively bargained agreement in effect that specifies that fringe benefits are to be computed on an hours paid basis.

The other fringe benefits specified (health and welfare, pension, apprenticeship training, travel, and per diem) are to be paid in addition to the prevailing wage rates.

F. Computing Travel Benefits

Travel pay, for the purposes of public works projects, shall be determined by measuring the road miles over the shortest practical maintained route from the County Courthouse as listed for heavy and highway construction.

G. Apprentices

Wage rates for apprentices registered in approved federal or state apprenticeship programs are contained in those programs. However, apprentices not registered in approved federal or state apprenticeship programs will be paid the prevailing wage rate when working on a public works contract.

H. Posting Notice of Prevailing Wages

Section 18-2-406, Montana Code Annotated provides that contractors, subcontractors, and employers who are performing work or providing services under public works contracts as provided in this part shall post in a prominent and accessible site on the project or work area, not later than the first day of work, a legible statement of all wages to be paid to the employees on such site or work area.

I. Employment Preference

Section 18-2-403, Montana Code Annotated requires contractors to give preference to the employment of bona fide Montana residents in the performance of work on public works contracts.

J. Rates to Use for Projects

Rates to be used on a public works project are those which are in effect at the time the project and bid specifications are advertised.
